

Zeutschel Zeta Comfort
powered by Scannx®

Scanners this compact, functional, and revolutionary never go out of style

The Zeutschel Zeta Comfort is the ideal multifunction system for digitizing and copying, making it the perfect completion of an up-to-date office. Unpack the device, plug it in, put in the document, and you're ready to go.

Scannx & Zeutschel: A Powerful Pairing

This solution combines the uncompromising quality of the Zeutschel overhead scanners with the intuitive Scannx software. With its large friendly buttons, the Scannx software guides the user through the scan process including choosing file formats, scan quality, color depth, file naming, and destinations. A headset jack also helps visually-impaired patrons through the scanning process, and outputs their scan as an audio file.

The Zeutschel Zeta Comfort powered by Scannx offers touch-screen scanning to several destinations, including:

- Article Exchange
- Box
- Dropbox
- Email
- Fax
- Google Drive
- ILLiad
- Mobile devices
- Network folders
- OneDrive
- Printers
- USB Drives

Scannalytics®

The solution is also integrated with Scannalytics, which delivers cloud-based reporting for all of your Scannx devices. This centralized device management tool enables you to track device usage, enable features remotely, push updates, and manage warranty coverage.

Unparalleled Accuracy and Security

Scannx enables users to password protect any scanned document and features an advanced authentication module to prevent anonymous emails from being distributed.

The software is also integrated with the ABBYY FineReader Engine for unmatched Optical Character Recognition accuracy. This functionality delivers high-quality output formats including PDF, searchable PDF, Word, MP3 and WAV file formats. ABBYY's multilingual document recognition engine automatically detects English, French, Italian, German, and Spanish languages.

Billing Integration and Support Options

The Scannx software supports selected ITC and Jamex coin and debit card systems, and major credit cards, as well as leading print management vend systems including
