Additional Details

Cloud Subscription

•Subscription fee billed monthly or annually based on subscription term (12, 24, or 36 months)

•Subscription fee is discounted for annual, instead of monthly payments. Fees are based upon the subscription term (12, 24, or 36 months)

•Increases in concurrent users or image volume licenses and upgrades to FileBound Workflow or FileBound Enterprise can be done at any time during the subscription term.

•Additional modules (capture, integration connectors, etc) can be added at any time during the term.

•Subscription terms automatically renew for the current term at the current monthly or annual subscription price with the option to renew for different term sixty (60) days prior to end of the term.

•Concurrent cloud subscription has a capacity of 5GB per concurrent user. For example... a 10 concurrent user subscription has a total site capacity of 50GB. There is no storage limitations on FileBound On-Site perpetual concurrent licenses.

•Any subscription or on-demand site that reach 75 days past due status will be suspended. Resellers and customers will be notified of past due status 30 days prior to site suspension. Site will be reinstated once payment in full for past due amounts has been received.

Maintenance

•All new perpetual On-Site licenses require first year maintenance.

•Unpaid maintenance renewals will automatically cancel 3 months following license renewal date. Resellers will be notified of past due maintenance prior to automatic cancellation. If renewing post 3 month cancellation, but within 1 year of renewal date, customer will pay original maintenance cost plust reinstatement fee of 20% of renewal total. If license is renewed after 1 year of renewal date, customer must repurchase license.

•Partners handle all Level 1 technical support issues with their customers. FileBound Technical Support stands ready to assist when issues arise with Level 2 and Level 3 support.

•Partners not providing Level 1 support are subject to a maintenance surcharge as dictated by FileBound Partner Programs.
